Introducing Our New Butler Upholstery Tool

The Butler Corporation is pleased to announce that it has developed a new Upholstery Tool. Our new Butler Upholstery Tool features instant “on demand” hot water, a long, lightweight handle with a 3 ½” low profile head, a “soft-padded” cuff, a vinyl coated “light-touch” on/off trigger, adjustable water volume control valve, adjustable vacuum reduction valve, 10’ of pressure hose routed inside 10’ of vacuum hose and a brass quick disconnect with a “heat-protective” sleeve. The new tool is now available as an Optional Feature for new Butler Systems or can be purchased separately for all existing Truckmounts and Portable Extraction machines.

For full details, visit the new Upholstery Tool on our website at
