

American Quality, Value
& Service Since 1980

NEW!

Shown in standard length van.

RearMount Floor Plan Layout

The 110 gallon "L" shaped, stainless steel Fresh Water Holding Tank is mounted in the rear of the van. This layout is ideal for cleaning and restoration professionals who prefer to work from the back of the van or for those who frequent complexes with confined parking spaces. The RearMount Floor Plan allows easy access to a spacious area at the side door opening for additional shelving and large cargo items.
